The diagram illustrates a drum pattern on a green background. It consists of three rows of colored dots. The first row contains 12 dots in a sequence of blue, pink, blue, pink, blue, pink, blue, pink, blue, pink, blue, pink. The second row contains 6 yellow dots, one centered under each of the first six dots of the first row. The third row contains 12 dots in a sequence of purple, green, purple, green, purple, green, purple, green, purple, green, purple, green. To the right of this sequence, there is a partial sequence of 4 dots: a blue dot, a pink dot, a yellow dot, and a green dot, each in its own column. A black arrow points to the right from the yellow dot.

The diagram below the table shows a green rectangular area. Inside this area, there are five rows of colored circles. The first four rows each contain six circles, colored blue, pink, yellow, and green from top to bottom. The fifth row contains a single yellow circle, followed by a black arrow pointing to the right. This visualizes the drum's position and movement over time.
